Dedication

We have grown immeasurably in the past decade and shall continue to do so as we move forward to a new decade, a new period in our lives. We shall however, never forget the seventies, we were a part of them, they have become a part of us. This Marsengold is dedicated to those times when so much was happening around us and to us: the cease fire in Vietnam, streaking, Watergate, the first energy crisis, inflation and recession, presidential elections, solar energy, the Boat People, the Blizzard of "78", Peace in the Middle East (?), Three Mile Island, the Bicentennial, the fall of Sky Lab, the Pope's visit to America, and cults. These are only a few of the memorable events that the seventies held for us. We can never forget them but now we look toward the eighties and our future.

In Appreciation

With deep gratification we would like to thank Mr. James J. Dowd for all the years of service and dedication he has given to the Sharon schools. First as High School Principal and later as superintendant he continually worked to improve the school system. Mr. Dowd has shown everyone his ability to act fairly and firmly in all situations. What Mr. Dowd has done for Sharon cannot be written in a brief paragraph, so we will use this space simply to thank him and express our appreciation.

IN MEMORIAM

On Wednesday, December 12, Sharon High School suffered an insurmountable loss, the loss of Mr. John D. Nero.

Some of us lost a teacher, a teacher who cared about his students; others lost a colleague, an extremely good one, and many of us lost a friend, and we can never replace the loss of a friend. But all of us, even if we didn't know him, lost something, because this school and everything in it is and always will be a part of us, and Mr. Nero was a part of this school. Although Mr. Nero will no longer walk through the corridors of our school the memory of him will live on inside all of us.
